LEC INC and Red Lion Controls Selected to Discuss IIoT Best Practices for Secure Communications at ENTELEC Conference

LEC INC's Justin Hogue, Vice President of Business Development (pictured right), has been selected to conduct a presentation with Red Lion Control's Scott Rose, Director of Global Sales, at next week's 2016 ENTELEC Conference and Expo in Houston, Texas.

The session entitled "Best practices for secure communications solutions to support remote industrial SCADA and IIoT applications" will explore a methodology for developing communication security strategies for industrial and utility networks, as well as discuss real-world oil and gas application deployments that maximize bandwidth and ensure redundancy using cellular technology.

CellData Solutions New Website Goes Live

Our newly launched CellData Solutions website is designed to provide a user-friendly experience with improved navigation and functionality throughout, allowing

visitors access to detailed products and services information.

"We have completely overhauled our CellData Solutions website to make it more functional and informative for our Clients and the media, as well as reflect our updated branding," said Director of Marketing Liz Densmore. "Created with the user experience firmly in mind, our website has been designed using the latest technology to be compatible with today's browsers and mobile devices."

Our new website features extensive product and service information, social media integration, a media room and much more. Visitors may also stay informed with the latest news concerning both the Company and the industry while enjoying the new website's easy-to-browse, modern design.

Check it out at www.CellDataSolutions.com and tell us what you think!

LEC INC Commits to IIoT Expansion with Addition of Business Leader Brian Rosema as Director of IIoT Strategy

As one of the key steps in expanding our IIoT market efforts, IIoT thought leader Brian Rosema (pictured right) has recently been named as LEC INC's Director of IIoT Strategy.

"I find it an honor to be working with such a talented and passionate team," said Rosema. "I have seen what LEC INC has brought to IIoT enablement and their ability to provide Clients the layers of expertise necessary for complete and highly effective solution delivery and sustainability. I could not be more excited about this opportunity."
